PROFESSIONAL EXPERIENCE

Daffodil Computers Ltd. <i>Hardware and Software Intern</i>	June 2025 – September 2025 Dhaka, Bangladesh
• Completed a three-month on-site internship at the BCS Computer City Branch, IDB Bhaban, Agargaon. • Assembled desktop computers by integrating hardware components including motherboard, CPU, RAM, storage devices, and power supply. • Configured laptops, installed Microsoft Windows, set up required drivers, and installed application software based on customer requirements. • Performed system checks, basic troubleshooting, and customer-oriented technical support for hardware and software-related issues. • Assisted senior technicians in diagnosing technical problems and preparing systems for customer delivery under deadline.	

PROJECTS

Ride Schedule <i>Ride Scheduling and Service Management System</i>	Academic Project
--	------------------

- Developed a ride scheduling system where riders can post daily, weekly, or monthly ride schedules and drivers can manage ride requests.
- Added service-based ride features including parcel and pharmacy-related rides, fare estimation through CostBot, ratings, and notifications.
- **Technologies Used:** Django, HTML, CSS, JavaScript, Bootstrap.

ACHIEVEMENTS & AWARDS

- **Champion**, UAP Robo Expo 2.0 LFR Competition — Team UAP_Optimal.
- **Vice Chancellor's Award**, Fall 2024.
- **Vice Chancellor's Award**, Spring 2025.
- **Dean's Award**, Fall 2022.
- **Dean's Award**, Spring 2024.

PARTICIPATION & COMPETITIONS

- Participated in Programming Contest 1.0, Intra-University Programming Contest, University of Asia Pacific — Jan 14, 2023.
- Participated in Programming Contest 2.0, Intra-University Programming Contest, University of Asia Pacific — Feb 2, 2024.
- Participated in KUET BitFest 2025 LFR Competition — Team Optimal.
- Participated in UIU CSE Fest 2025 LFR Competition — Team Optimal.

ADDITIONAL INFORMATION

- Strong communication, teamwork, time management, and customer service skills developed through internship and academic activities.
- Comfortable working in both academic project teams and practical IT service environments.
